

In the United States Patent and Trademark Office

Applicant(s): Hamilton, et. al

Title: "Improved Circuit Design and Optics System for Infrared Signal Transceivers"

Serial No.:

Docket No.
CLB1-B69A CIP**Declaration in lieu of Oath, 37 CFR 1.68**

I, T. Allan Hamilton, of San Jose, CA, am a citizen of Canada, and I declare that I believe that we are the first, original and joint inventors of the subject matter which is claimed and for which a patent is sought on the invention described in a specification attached hereto and titled: "Improved Circuit Design and Optics System for Infrared Signal Transceivers."

I have reviewed and I understand the contents of the above-identified specification and claims. I acknowledge a duty to disclose information which is material to the examination of this application in accordance with 37 CFR 1.56(a).

Priority Claim under 35 U.S.C. §120: I hereby claim the benefits under Title 35, United States Code, section 120 of the U.S. Patent Application No. 09/285,608; filed 4/2/1999; Status: Now Pending, and insofar as the subject matter of each of the claims of this application is not disclosed in the prior United States application in the manner provided by the first paragraph of Title 35, United States Code, section 112, I acknowledge the duty to disclose material information as defined in Title 37, Code of Federal Regulations, section 1.56(a) which occurred between the filing date of the prior application and the national or PCT international filing date of this application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under 18 USC 1001, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

I hereby authorize registered USPTO attorney #40,186, Mr. Karl M. Steins to represent all matters regarding this application and any issuing patent or patents. All correspondence should be directed to:
